Professional Summary

Software Developer with professional experience in enterprise application support, healthcare data automation, and AI-powered software development. Currently developing software using Python, React.js, Node.js, PostgreSQL, OpenRouter and MCP. Experienced in backend development, RESTful APIs, workflow automation and database-driven applications.

Professional Experience

Study Buddy | Junior Software Developer | Jul 2026–Present

- Develop AI-powered software applications using Python and modern web technologies.
- Design and implement RESTful backend services using Node.js and Express.js.
- Integrate OpenRouter and Model Context Protocol (MCP).
- Develop React.js interfaces and manage PostgreSQL databases.
- Collaborate using Git, GitHub, npm, VS Code, Claude Code and Codex CLI.

Dr. Prasanta Banerji Homeopathic Research Clinic | Data Analyst | Apr 2026–Jul 2026

- Automated workflows using Google Apps Script and Google Workspace.
- Built healthcare data pipelines and improved reporting quality.
- Generated analytical reports and improved data quality.

Cognizant | ADM ISMO Analyst Trainee | Jan 2026–Apr 2026

- Supported enterprise applications through monitoring and incident resolution.
- Worked with ERP application support and ITIL-based service management.

Selected Projects

Patient Registry & Registration Management System

Node.js • Express.js • PostgreSQL • REST APIs

- Engineered a normalized PostgreSQL schema.
- Designed RESTful APIs for patient registration.
- Implemented validation and modular backend architecture.

LIFECARE Clinic – Healthcare Appointment Management System

React.js • Node.js • Express.js • PostgreSQL

- Developed responsive React frontend.
- Built backend APIs and integrated PostgreSQL.
- Designed modular architecture.

Core Technical Skills

Programming: Python, Java, JavaScript, SQL

AI: OpenRouter, MCP, LLM Integration, Prompt Engineering

Frontend: React.js, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, REST APIs

Databases: PostgreSQL, MySQL, Postico 2

Developer Tools: Git, GitHub, VS Code, Claude Code, Codex CLI, npm

Automation: Google Apps Script, Google Workspace

Analytics: Power BI, Microsoft Excel

Education

Master of Computer Applications (2026–Present)

Indian Institute of Technology Patna & Indian Institute of Information Technology Ranchi

Bachelor of Computer Applications (2022–2025)

Saroj Mohan Institute of Technology

CGPA: 7.27/10

Certifications

- Claude 101 – Anthropic
- GenAI Powered Data Analytics Job Simulation – Tata (Forage)
- Software Engineering 101
- Oracle SQL Certification
- Informatica PowerCenter
- Qlik Sense for Data Science & Business Intelligence
- PepsiCo Supply Chain Stars Awareness Workshop
