

Rohit Prasad

Kolkata, West Bengal • +91 9748654547 • rohitofficial2509@gmail.com • linkedin.com/in/rohit-prasad-93360b350

Senior Data Professional with demonstrated expertise in designing and implementing mission-critical data systems. Successfully architected a data quality automation system that enhances data reliability and organizational decision-making, and engineered a comprehensive registration system that streamlines data collection and management workflows. Possesses dual mastery in data engineering and analytics, backed by full-stack development capabilities (React.js, PostgreSQL, REST APIs). Proficient in building scalable data infrastructure using Google Apps Script and Google Workspace ecosystems. Proven track record of delivering end-to-end solutions that bridge development, engineering, and analytics disciplines—enhancing operational efficiency, ensuring data integrity, and enabling strategic business intelligence.

WORK EXPERIENCE

Dr. Prasanta Banerji Homeopathic Research Clinic • Kolkata, India • 04/2026 - Present

Dr. Prasanta Banerji Homeopathic Research Clinic, a world-class homeopathy institution with 160 years of legacy and treatments relied upon by patients from countries worldwide. Driven by the vision of legendary founder Pareshnath Banerji (1891-1971), the clinic continues its heritage of excellence in homeopathic research and treatment.

Data Analyst • Full-time

Design and maintain automated data infrastructure using Google Apps Script to support clinic operations and research initiatives. Develop data pipelines that extract, clean, and organize patient data into structured databases within Google Workspace. Transform raw operational data into actionable insights that drive clinical decision-making.

- Developed automated data pipelines using Google Apps Script within 3 months, enhancing data extraction and validation processes for improved accuracy.
- Analyze processed data to generate insights on clinic performance and treatment outcomes.
- Support research initiatives through data organization and analysis.
- Ensure data integrity and compliance with healthcare data requirements.
- Clean, validate, and standardize patient and operational data for accuracy.

Cognizant • 02/2026 - 04/2026

ADM ISMO Analyst Trainee

- Provided application support and troubleshooting for ERP systems
- Monitored system performance and resolved client-reported issues
- Worked with ITIL processes for incident and service management
- Collaborated with cross-functional teams to ensure smooth operations

EDUCATION

Master of Computer Applications (MCA)

Indian Institute of Technology, Patna & Indian Institute of Information Technology Ranchi • 01/2026 - Present

Bachelor of Computer Application (BCA)

Saroj Mohan Institute of Technology • Kolkata • GPA: 7.27 • 09/2022 - 07/2025

Higher Secondary in Commerce with Mathematics

The Bhawanipur Gujarati Education Society School (ISC) • Kolkata • GPA: 72% • 08/2021 - 07/2022

Matriculation

National High School (CBSE) • Kolkata • GPA: 85% • 07/2019 - 06/2020

PROJECTS

LIFECARE Clinic – Healthcare Appointment System

- Developed a full-stack web application for managing healthcare appointments
- Built responsive UI using React.js and Tailwind CSS
- Integrated REST APIs using Axios for seamless data communication
- Designed and managed PostgreSQL database for patients and scheduling
- Improved usability and efficiency of appointment booking system

SKILLS

Programming Languages: Java, JavaScript, Python

Frontend Development: CSS, HTML, React.js, Tailwind CSS

Backend & APIs: Axios, Node.js

Databases & Tools: PgAdmin, PostgreSQL

IT Service Management: Application Support, Incident Management, ITIL Processes, Service Management, System Performance Monitoring, Troubleshooting

Analysis: Google Apps Script, Google Workspace ecosystem, MS Office, Power BI

LLMs (AI): Claude, DeepSeek, Google Gemini, OpenAI ChatGPT, OpenAI Codex
